

Consultant in Palliative Medicine/ Palliative Medicine Physician Part time

Cabrini is a Catholic charitable organisation inspired by the spirit and vision of Saint Frances Xavier Cabrini and the Missionary Sisters of the Sacred Heart of Jesus. This order was founded by Saint Frances Xavier Cabrini who was canonised in 1946 and later proclaimed Universal Patron Saint of Immigrants. We are a community of care, reaching out with compassion, integrity, courage and respect to all we serve. With more than 4300 staff, 1000 accredited medical practitioners and several locations, we offer a range of employment opportunities to start, continue or advance your career.

Cabrini is one of the largest providers of private cancer care in Australia and has the largest integrated private palliative care service across inpatient, consults, community and ambulatory care. Cabrini Health employ's its Palliative Care Doctors on a salaried basis.

Brief Purpose of Position

You will join 3 other Consultants, 2 Advance Trainee's and a Basic Physician Trainee to lead and manage the delivery of evidenced based Palliative Medicine to patients and families across Cabrini Health. The Doctor will oversee the clinical service delivery to patients and families and also partake in clinical education, research and governance activities as directed by the Director of Palliative Medicine.

Applicants need to be prepared to work on an on call rotating roster.

This position will be located in Prahran

Selection criteria

- Unconditional specialist registration with the Australian Health Practitioner Regulation Agency (AHPRA).
- Fellowship of Royal Australasian College of Physicians (FRACP) or Fellowship of the Australasian Chapter of Palliative Medicine (FACHPM) or equivalent.
- Demonstrated ability to provide high quality compassionate medical care as evidenced by recent practice experience in working congenially and collaboratively as both a leader and member of a multidisciplinary team and as a provider of services that engender high levels of patient satisfaction and experience.
- Demonstrated ability to work with teams to support and optimize their capacity to deliver services.
- Demonstrate a commitment to quality improvement and clinical risk management; actively seek out improvements to service delivery; initiating change and consulting those affected by the change; allocating resources and proactively managing potential conflicts.
- Demonstrate both participation in ongoing professional development and a commitment to education and research.

All short-listed applicants will be required to consent to a national Police Record Check and Working with Children Check

Cabrini Offers

- Salary Packaging
