
Calvary Health Care Bethlehem - 152 Como Parade, Parkdale 3195

Calvary Health Care Bethlehem is a not-for-profit, publically funded, sub-acute health service that provides specialist palliative care and a statewide neurology service through inpatient beds, clinics and home based care.

Specialist - Palliative Care – Part Time 20 hours per week

About the role

An opportunity exists to work in our established, supportive, multi-professional team providing specialist palliative care at Calvary Health Care Bethlehem (CHCB).

As CHCB is the centre for the State-wide Progressive Neurological Disease Service this post offers unique experience in Neuro-Palliative Care, for which we have a national reputation. There are active education and research programs, with CHCB accredited as a training facility by RACP and RACGP, while final year medical students from The University of Notre Dame rotate through as part of their undergraduate curriculum.

The successful applicant will join a team of five consultants in palliative medicine and will be one of two ward consultants with responsibility for the 32-inpatient beds.

Please see the job description for the selection criteria against which the application will be assessed. Applications must be made via the calvary careers portal. Closing date 5th May, 2019.

Job Reference 21681
