OR

From the 4th July Virtual lectures will be available to watch where and when it is convenient

Cost: £350

Chair: Dr Mary Miller

Facilitators: Specialist Speakers

This course is amongst the UK's leading courses for palliative care nurses, pharmacists, doctors and AHPs. For over 30 years it has delivered cutting edge knowledge and skills to healthcare staff so they can provide their patients with the best possible care.

Organisations get value for money as the course delivers to high standards of professional knowledge, is educationally sound allowing staff to have time for discussion and supports staff in setting educational goals following the course.

Any profits generated are ploughed back into future education
