

Metro North
Hospital and
Health Service

Position Title: Clinical Director, Palliative Care

Work Unit/Facility Location: Herston

It is a condition of employment for this role for the employee to be, and remain, vaccinated against COVID-19 ([Health Employment Directive No. 12/21](#) and [Queensland Health Human Resources Policy B70](#))

Metro North Health is the biggest and most diverse Hospital and Health Service in Queensland, delivering excellent care underpinned by our values of respect, integrity, high performance, teamwork and compassion.

Metro North Health provides the full range of public sector health services including rural, regional and tertiary teaching hospitals. Our service covers an area of 4157 square kilometres and extends from the Brisbane River to north of Kilcoy.

Metro North facilities include:

- Caboolture Hospital
- Woodford Correctional Centre
- Kilcoy Hospital
- Redcliffe Hospital
- The Prince Charles Hospital
- The Royal Brisbane and Women's Hospital
- Surgical, Treatment and Rehabilitation Service
- Community and Oral Health
- Metro North Mental Health

Working within Metro North Health is an opportunity to contribute to providing outstanding health services to Queenslanders. We are committed to best practice and continuous quality improvement and encourages staff to take advantage of training and development opportunities.

Metro North Health promotes a healthy balance between your work and personal life, provides flexible work hours, paid parental leave and study leave options.

For further information please visit the Metro North Health website. This is your opportunity to join the dedicated team of professionals at Metro North Health and be part

of a world-class, dynamic and growing health service that embraces technology, excellence in health care, teaching, research and empowering our people to be the best in serving our community.

About the Role

- Lead the clinical team to provide world-class patient centred care within scope of clinical practice and CSCF of the facilities within MNHHS.
- Provide specialist clinical services by consultation/liaison to inpatients.
- Provide specialist clinical services to outpatients in dedicated clinics for Palliative Care and in other ambulatory clinics as referred by treating teams to the Service.
- Provide a consultancy service at multidisciplinary team conferences to provide expert advice related to the management of patients requiring palliative and supportive care, eg. Medical Oncology
- Provide specialist clinical services through collaboration with disciplines in models of Supportive Care e.g. kidney supportive care, provided in hospital and community clinics in MNHHS.
