

Palliative Medicine Specialist (SMO)

Fixed Term – 6 months

Provide outstanding Palliative Care in Auckland's Waitematā District.

With more than 640,000 people living in our region, Waitematā District has the largest and one of the fastest growing populations in the country. The main hospital sites are North Shore Hospital on the shores of Takapuna's Lake Pupuke and Waitakere Hospital within sight of West Auckland's green belt and not far from our west coast surf beaches.

We are looking for an SMO to fill a **fixed term (6 months)** full time position.

You will provide clinical leadership within the Hospital Palliative Care team that provides a consult service across both hospitals working alongside the lead care teams. You will also be involved in education and training of staff, quality initiatives and service development. It is an exciting role with opportunities for career development and peer support both regionally and nationally.

The successful candidate will hold a Fellowship of the Australasian Chapter of Palliative Medicine (Royal Australasian College of Physicians) or equivalent and be vocationally registered (or qualify for such registration) with the New Zealand Medical Council as a Specialist in Palliative Medicine.

For further details about what the role involves contact Janice Kirkpatrick, Operations Manager – General Medicine at Janice.kirkpatrick@waitematadhb.govt.nz or phone: 021 2425 230
